Fast, mobile-friendly one-page sites — built and deployed for small businesses.

Stack: **Next.js** · **Resend** · **Vercel** · **GA4** | You keep your domain. You own your content.

WHAT YOU GET

- One responsive page — up to **6 sections** (hero, about, services, testimonials, FAQ, contact) agreed in writing
- Contact form with basic spam protection + email notifications to your inbox
- Auto-reply confirmation to form submitters
- Submissions stored in a database with password-protected list view — enquiry backup, not a CMS
- Privacy Policy page (template text — you confirm it fits your business)
- Full SEO: title tag, meta description, social preview image, Schema.org tags
- Copywriting: deep understanding of your business and target audience
- Analytics: GA4 (free) or agreed alternative — paid tools confirmed in writing first
- Deploy + HTTPS + ~30-min handover call
- One revision round — all feedback in one email, one implementation pass

WHAT YOU PROVIDE

- All copy, logo (SVG or high-res PNG), brand colours (hex), images
- One approver reachable within ~2 business days
- Domain in your name, DNS-ready for go-live

CHANGES & SCOPE

- Anything not listed under *What You Get* is extra — quoted in writing first.
- Verbal requests are not in scope until confirmed by email.

OUT OF SCOPE

- CMS / blog
- E-commerce
- Booking engine
- Multi-language
- Ongoing content updates after handover
([monthly retainer — ask](#))

TIMELINE

~7–10 working days after receipt of content + deposit.

Both required to start. Your delays pause the schedule.

VAT / TAX (IRELAND)

Fees in EUR. VAT applied on invoice per registration status.

Let me know before payment if your accountant needs a specific invoice format.

Fixed Investment

EUR 1,500

Scope above only — no hidden extras

EUR 750

50% to start **EUR 750**

50% before go-live

Payment via SEPA bank transfer. Invoice with bank details provided.
